## From Vacant to Vibrant: Building Milton-Freewater Together'

Meet people, learn and share great skills and, most important of all, have fun!

### Our Vision

A Community working together to create a Vibrant and Prosperous Milton-Freewater where everyone benefits.

### Our Mission

To create an inviting, family-friendly and inclusive climate in our Main Street Districts for new and existing businesses through improvements to infrastructure and increased promotion.

### What we do...

The MFDA strives to revitalize the Milton-Freewater main street districts. We are using the "Main Street Approach" created by National Main Street - a branch of the National Trust for Historic Preservation. This approach serves as an all-encompassing way to allow Milton-Freewater to reach its full potential. Whether it is beautifying streets and building facades, highlighting the historical aspects of a building, or providing support for new and existing business owners, the MFDA exists to serve the community.
